Prevent. Promote. Protect.

Montgomery Township Health Department  
*Also serving the Boroughs of Hopewell, Pennington, & Rocky Hill*

## Health Department Launches a Bright New Web Page

Montgomery Township Health Department is making it easier for residents and businesses to find the information they need on our webpage.

Our brand new website, <http://health.montgomery.nj.us/> features:

- Concise information on current health issues and where to learn more
- Links to register for upcoming events
- Easy access to license and permit forms, as well as an explanation of the regulations that protect public health
- Where to go to find help getting health care
- How to get a Marriage License or other Vital Statistics
- A new section, “Measurably Better Health”, filled with data on the health of our community, and how that drives the Health Department’s strategies.

“The Health Department is committed to transparency, accountability, and doing *what works* to help our neighborhoods be healthier,” said Stephanie Carey, Montgomery Township Health Officer. “The new website helps get that information to our community faster and easier.”

The new website is only one of many improvements for 2017, as the Health Department moves toward its goal of becoming nationally accredited.
